

# THAI MASSAGE FOR THE TABLE

Tues April 10  
2-6pm 4 CE's

Tues Aug 28  
2-6pm 4 CE's

This course will teach you techniques from Thai massage that can easily be added to your routine. While working with clients who are on the table, the therapist stays connected to the floor and does NOT get completely onto the table. You will learn how to help your clients by using specific compression, tapotement, and traction and stretching techniques that are unique to Thai massage. Highly effective when used properly, Thai massage is also adaptable and easily works with other modalities. Save your hands, work with less effort and achieve better results by adding some Thai to your table work.
